EEZY KEYZ® Conferencing Solution – Beta Testing the Android App

How to participate

The only prerequisite to start testing our Android Conferencing Solution is having a Google account.

1. Send your Google account email address to our support: support@eezykeyz.eu and you will be added to our beta testers list.
2. Once we have your email address on the list, you can follow this link to download the app from Google Play Store
   https://play.google.com/store/apps/details?id=com.eezykeyz.chat

Register your EEZY KEYZ® account and log in

If you already have used EEZY KEYZ® Conferencing Solution on iOS or browser, you can log in with the same credentials on Android.

If you are testing EEZY KEYZ® Conferencing Solution for the first time,

1. Go to https://chat.eezykeyz.fi/ and register your EEZY KEYZ® account.
2. Type in your email address or handle.
3. Type your password and confirm it.

NOTE! We will not get your password and it cannot be reset, so keep it safe!

Add contacts and start messaging

When you have installed the app and registered your EEZY KEYZ® account, you can start testing as you like.

To add contacts and start messaging:

1. Tap the hamburger menu on the top left corner of the app and select "Contacts".
2. Type the name of the contact in the "Search" field.
3. When you find the contact, tap the plus (+) sign and type in your message.
4. Tap the arrow sign to send the message.
5. Once you have messaged a contact, the app remembers that contact and chat. You can view all your contacts and chats by tapping "Contacts" and "Chats" at the bottom of the app.
